

**NON-CONFIDENTIAL**

---

1 **Request IR-2:**

2

3 **Reference: NS Power response to PHP IR-1 dated October 9, 2015.**

4

5 **In NS Power's response to PHP IR-1, NSPI confirmed that "...a separately-metered**  
6 **account to an individual RtR Customer Premise, served through a single meter, would be**  
7 **eligible for the supply of electricity under RtR service."**

8

9 **Please confirm that, if PHP were to establish a separate metering point at its facility for**  
10 **any RtR load that is electrically and physically separated from the load served by the**  
11 **bundled service received from NS Power, this would be considered a separate "individual**  
12 **RtR Customer Premise" eligible for RtR service.**

13

14 **Response IR-2:**

15

16 **Confirmed, subject to the Board's approval of NS Power's proposed tariffs.**
