

JOIN US AT AN UPCOMING OPEN HOUSE

and speak with our team about
a proposed grid-scale battery
facility in your area.

**POWERING A GREEN
NOVA SCOTIA, TOGETHER.**

Nova Scotia
POWER
An Emera Company

Learn more about this proposed project,
and how it will help us on our Path to 2030.

**Grid-scale battery projects, like the one we're
proposing in your community, will support our clean
energy transition and enable the integration of new
renewables, as well as strengthen our grid.**

Come chat with our team to learn more,
ask questions and provide feedback.

White Rock Road Community Center
1542 White Rock Road, Wolfville
NS B4P 2R2

Monday, October 30
2PM until 7PM

Representatives from the Next Ride program will be
attending, offering information on Electric Vehicles.
Come out and learn about the clean energy transition
and test drive an EV!
