Planned Outage Location

00.030.060.090.12

Kilometers

A map of a residential area with a yellow background. A blue line indicates the planned outage location, starting from the bottom left and running diagonally upwards through the center of the map. The map shows several streets: Glenforest Dr (running diagonally from bottom-left to top-right), Southhill Dr (running diagonally from top-left to bottom-right), Hillwood Cres (curving from the left towards the center), Woodward Cres (curving from the top center towards the right), Oakburn Ct (a small loop on the right), Fiske St (a short street on the right), Glenda Cres (a street at the bottom right), and Homew (partially visible at the bottom). Various numbers are scattered across the map, possibly representing house numbers or distances. A legend in the top-left corner shows a blue line for the 'Planned Outage Location' and a scale bar from 0 to 0.12 kilometers. A table in the bottom-right corner lists the roads affected by the outage. A north arrow is located in the bottom-right corner.

Roads Affected by Planned Outage	
GLENFOREST DR	
OAKBURN COURT	
SOUTHILL DR	
WOODWARD CRES	
PLATEAU CRES PL
